

## **BSAC Best Paper and Poster Awards for Spring 2008**

More than 132 BSAC researchers presented their work in poster or plenary sessions at the Spring 2008 BSAC research review March 12-14.

Nearly 100 Attending industrial members from 49 member organizations voted for the best presentations and posters, resulting in Best Paper and Best Poster awards (certificate and cash) given at the awards banquet in Clark Kerr Conference Center, March 14, 2008

Links to *public abstracts* and *secured project reports* on the BSAC website are provided below.

### **BSAC Best Paper Awards Spring 2008:**

**Mona Jarrahi** (advisor Prof. Albert P. Pisano)  
["Aluminum Nitride Based Actuators for Tunable Terahertz Electronics"](#) [BPN425]

**Yang Lin** (advisor Prof. Clark T.-C. Nguyen)  
["A Micromechanical Power Converter"](#) [BPN433]

### **BSAC Best Poster Awards Spring 2008**

**Jesse Richmond** (advisors Prof. Jan Rabaey, Prof. Clark T.-C. Nguyen)  
["A Low-Power Receiver Employing RF Channel-Selection"](#) [BPN437]

**Erika Parra** (advisor Prof. Liwei Lin)  
["Biomass Powered Energy Harvester"](#) [BPN404]

The BSAC Industrial Members, Researchers, Faculty and Directors, and the National Science Foundation I/UCRC Association thank and congratulate these winning researchers for their outstanding work.
